The Forgotten Child

One day Joe and Gomamon were walking one night to find some bushes so Joe could use the bathroom. He was going to go but he heard some thing in the bushes as how Joe is scared and all he went back to his tent and then slept. When it was morning he told the rest of the group they said "you must be hearing things". Then later on when there were eating lunch Izzy and Tentamon decided to take a walk. During that walk they heard someone calling Izzy's name then Izzy said "Who are you??, come out here right now" there was a long pause and nothing came out. Izzy and Tentamon left the place and then also told the group. The group were starting to feel scared and paranoid. Later that day at night Matt was telling a scary story everyone was very scared. Then from behind someone pushed Tai into Joe then Joe said "Stop it Tai!!" then Tai said "it wasn't me someone pushed me." Everyone started looking at Tai like he was crazy so Matt continued with the story by now Sora and Izzy and Kari were asleep. Then a voice said Hello from out of nowhere then everyone else were looking at each other then they woke up the rest of the group and gathered there stuff and left the campsite. When they were leaving T.K. drop his Digivice going there he told Matt and Matt said "We will find it in the morning" then the group found a place to rest. When everyone woke up they started looking for T.K. digivice it took hours but nobody found it. When they were going back to camp site everyone was tired and when they were approaching campsite Tai saw a black figure and ran after it. Tai said "come back here!!" then he tackled the black guy and then the black figure punched Tai right in the face then began to run again. then Matt and Joe held him down and told him who are you??

T.K. then caught up with the rest of the group and said "I found my digivice!" then Matt asked who are you what's your name and what are

you doing tormenting us?? Black figure said "Well my name is Jeff,Jeff Mishima I'am too a Digi Destined and I've came here to catch up with you guys" Sora Said "Then where were you all this time??" well this is hard to explain but i'll try said Jeff "See Here I'm already being born in Earth and i guess I'am from the future i guess? "then how are you here??" said Matt see this old guy i forgot his name came to the future and he looked kind of funny he seemed like he was looking for something.Then he approach to me and said your a Digi destined and i acted like he was crazy but when he started talking to him he started making sense and then he asked me to help you guys back in the past to help you defeat the Dark masters cause some of you didn't make it alive some of you guys died during the battle with Piedmon. So He said to help you out what is going to come and these guys are bigger and stronger than the dark masters will ever be so i said yes to help out you guys from what be the future.T.K. ask "Who is your Digimon???" Jeff says "Piedmon" everyone looks in shock "but but" says Joe see before Piedmon was going to die he said he wanted to become good again cause after all how much good is in all of you then he passed but then Izzy retrieved some Data from his computer to get back Piedmon but better and stronger this time.But this time he's good and when he was looking for his Pal he found me when i was looking for a Digimon and we both wanted to have a partner and we become a Duo.So that's why im here so what do you think im i in?? (they all in a huddle) then they break and Tai approach him and says welcome to the group!So then they sit down to watch the sundown and then the episode ends
